**IMPORTANT NOTE:** We appreciate your cooperation in limiting individual orders to no more than 200 individual packets of seeds. Note that each Surprise Pack contains 10 individual packets of seed and should be counted as 10 packets when totaling your order. Schools or organizations may submit more than one order form if necessary, or call to inquire about larger orders. *Please note that orders can only be mailed within the New England region.*

**ABOUT ORDER LIMITS:** In some cases, the number of packets that you can order of certain types of seeds may be limited. Refer to the "ORDER LIMIT" column. Call 401-874-2900 for availability if you require more of a limited variety.

**ABOUT SUBSTITUTIONS:** The seeds listed on this order form represent a range of varieties that have been donated to the URI Outreach Center. The actual selection and quantity of seeds that we receive will vary. Our Master Gardener volunteers will do their best to provide you with an acceptable substitute if the variety that you ordered is unavailable. Under some circumstances, substitutions may be made in the form of a Surprise Pack.
